Mr. Alliston

Mr. Alliston,

It's hard to find the words to write down to express the way I feel. You and Donna are the most wonderful people. I'm so glad you're staying with us another year! I want to say thank you for all you've done. Good Luck in all you do.

Love,
Ann

Mr Alliston,

First I'd like to thank you for all the help you've given me the past year, not only in Chemistry but in just living. You've influenced me to try and do better and given me loads of helpful advice.

You and Donna are some of the best people I know. All I can say is Thanks

Charlie

First I would like to tell you that you have helped us students very much since you started teaching here. You are a friend to us and we can depend on you for help or advice on almost any matter, for this we are grateful because we haven't had a teacher like you before. I hope you will stay with us for as long as you can. I can honestly say we students appreciate you.

Thanks for everything
Cory

Dear Mr. Alliston,

The Devilaire

Laura Conner High School

Augusta, Arkansas

Susan Hazelbaker, Editor

Introduction

We, the members of the Devilaire Staff, are proud to take this opportunity to introduce you to the 1969 Devilaire. We have added several new pages and changed the entire look of the yearbook in hopes of making it distinctive to Laura Conner High School. There have been long, hard hours of work put into this project and we hope it will bring back many happy memories whenever it is read.

We would also like to express our appreciation to our sponsor, Mr. Joe Wilson, for the help and advice he has given us in the past months, starting with the Yearbook Workshop and ending with the day our new Devilaire was presented to you, the student body.

Now we are very happy to present to you our 1969 Devilaire.

Editor,

Susan

In Memoriam

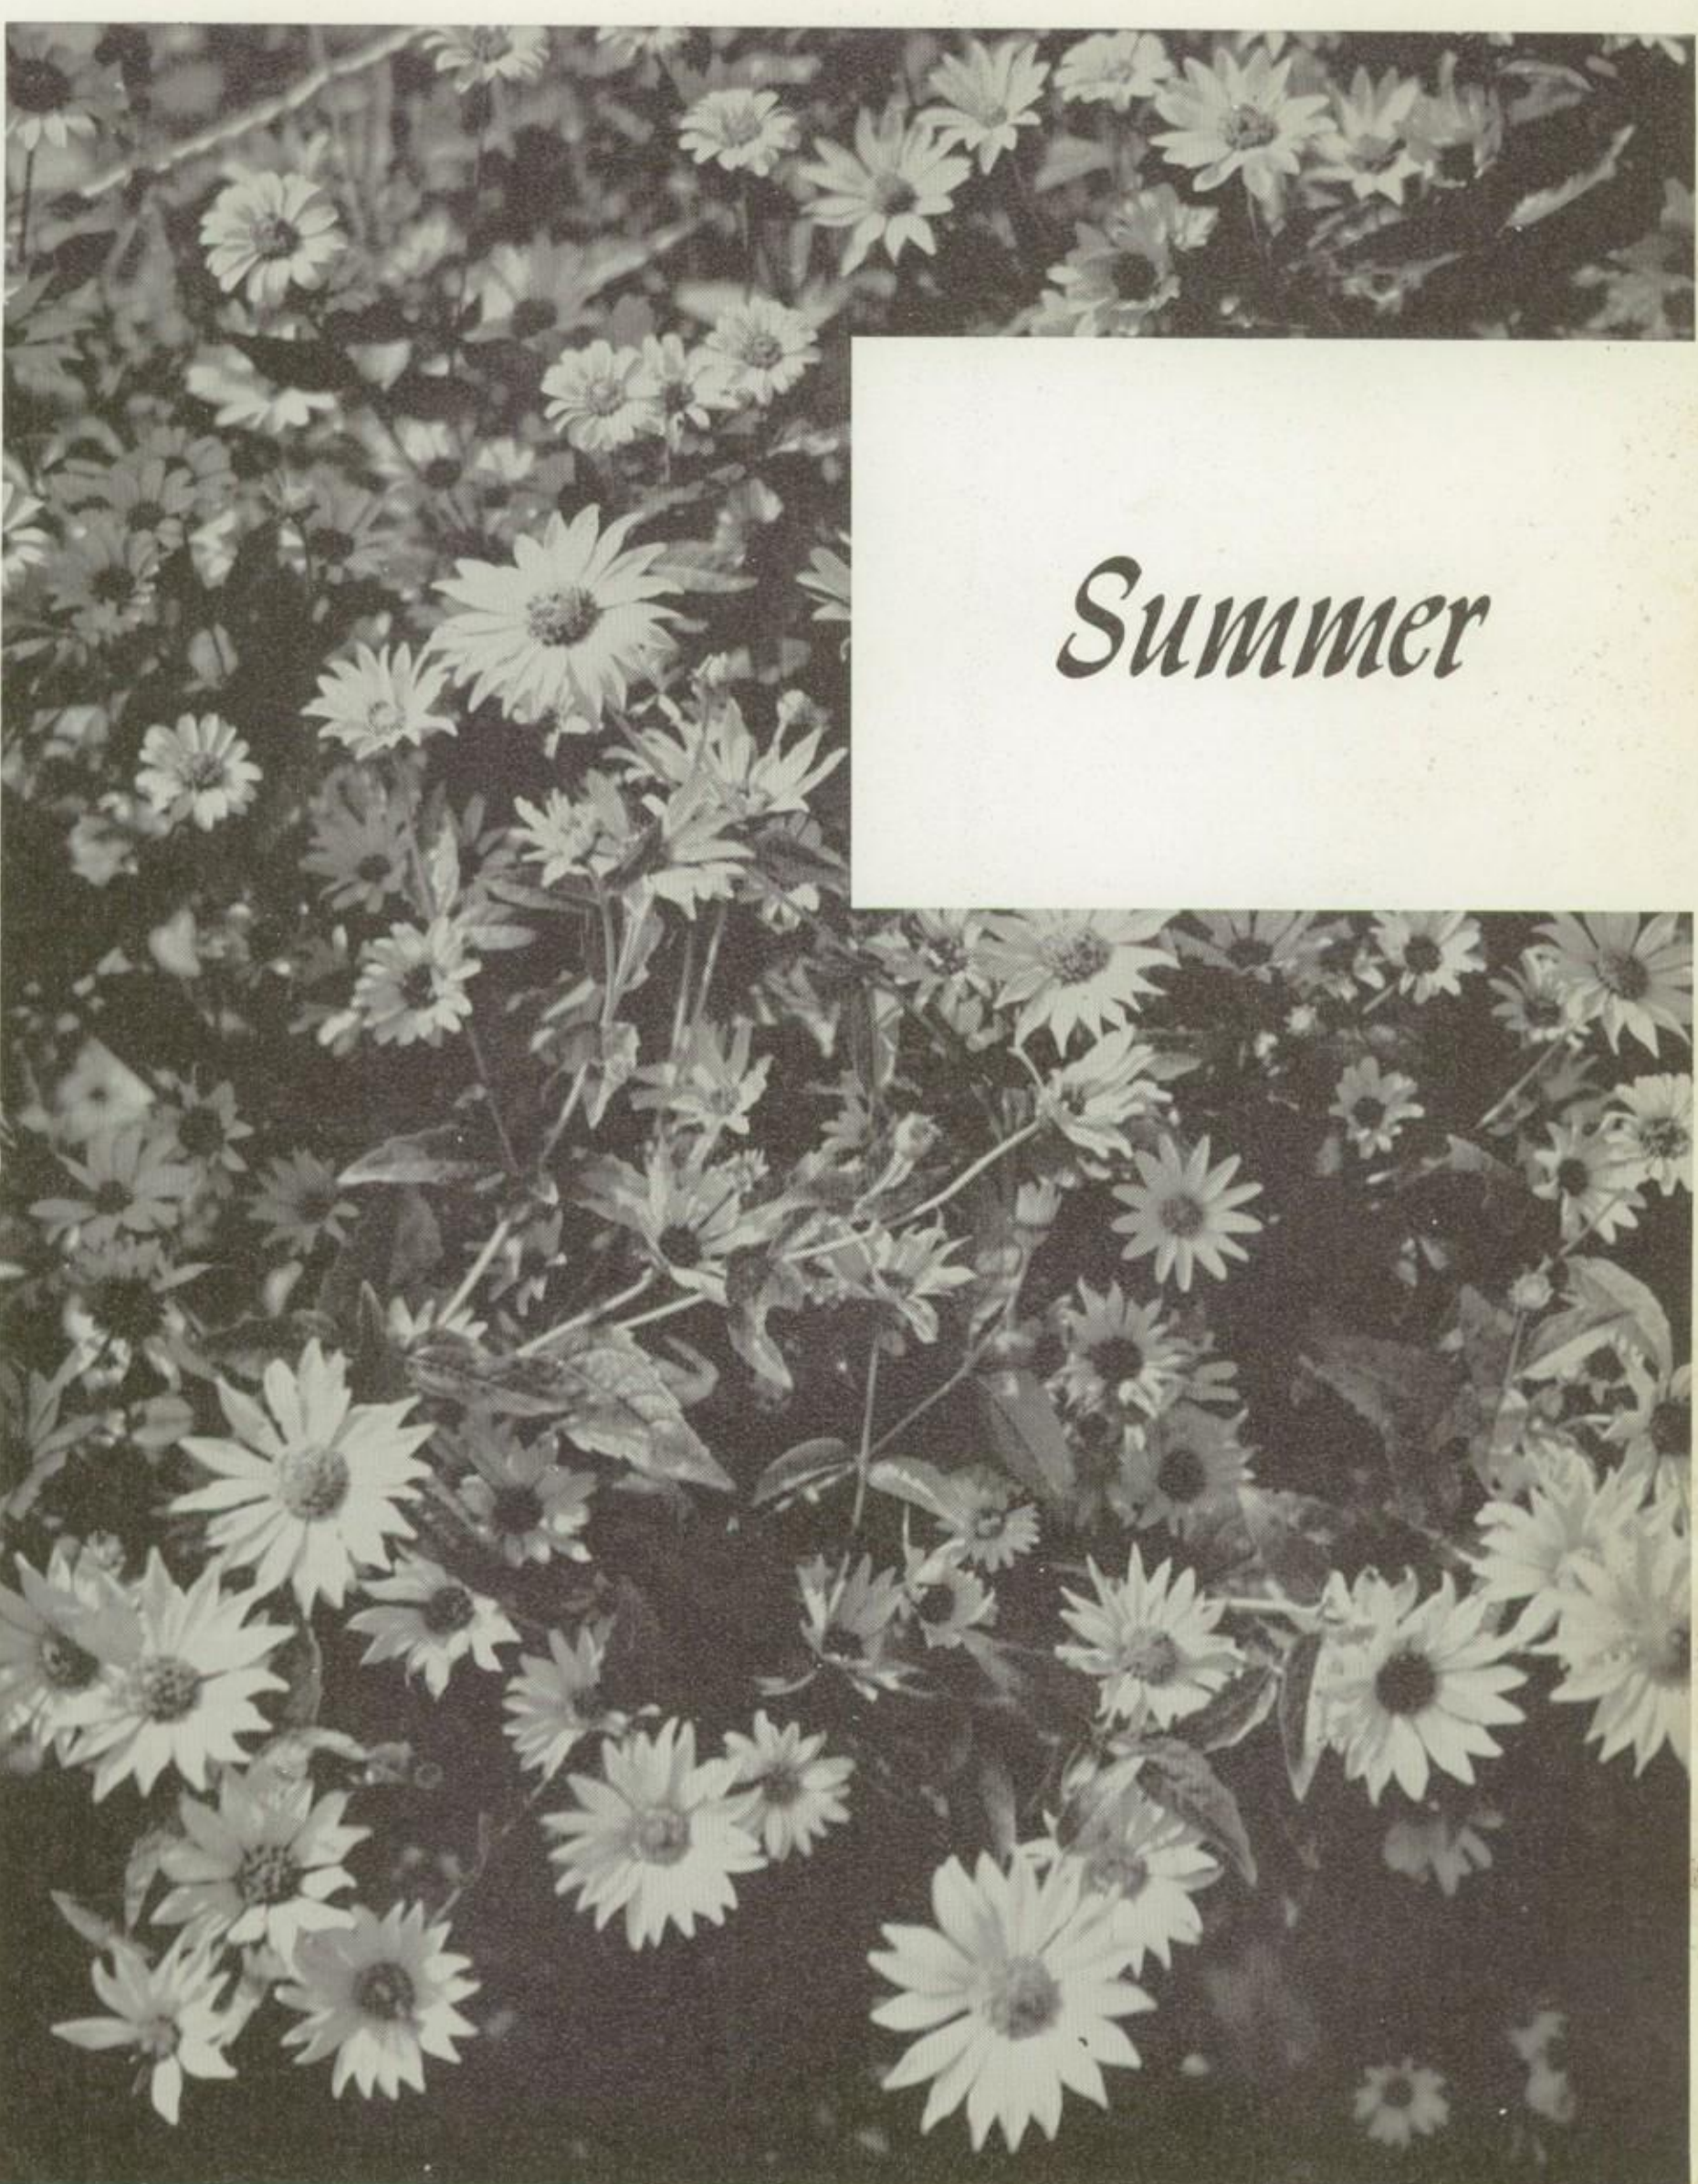

The Deviliare Staff of 1968-69 feels that this page should properly be dedicated to the memory and the life of Mr. A. G. "Jelly" Porter Jr. As president of the School Board, Mr. "Jelly" did much for the youth of Augusta. Most of his efforts went without fanfare, as he wanted it. But his example and his contributions to the entire community will never be forgotten.

Dedication

There are very few things that can be done to adequately express the appreciation felt for a person who has dedicated her entire adult life to the education of young people. Mrs. Jones is such a person.

Her constant concern for her individual students and her efforts to help them have been inspirational to not only students but other teachers as well. The Devilaire Staff is pleased to use this dedication as their way of saying "Thanks, Mrs. Jones."

Summer

Summertime And Living Is Easy

IN SUMMER

Oh, summer has clothed the earth
In a cloak from the loom of
the sun!
And a mantle, too, of the skies'
soft blue,
And a belt where the rivers run.

And now for the kiss of the wind,
And the touch of the air's soft
hands,
With the rest from strife and the
heat of life,
With the freedom of lakes and
lands.

Superintendent's Message

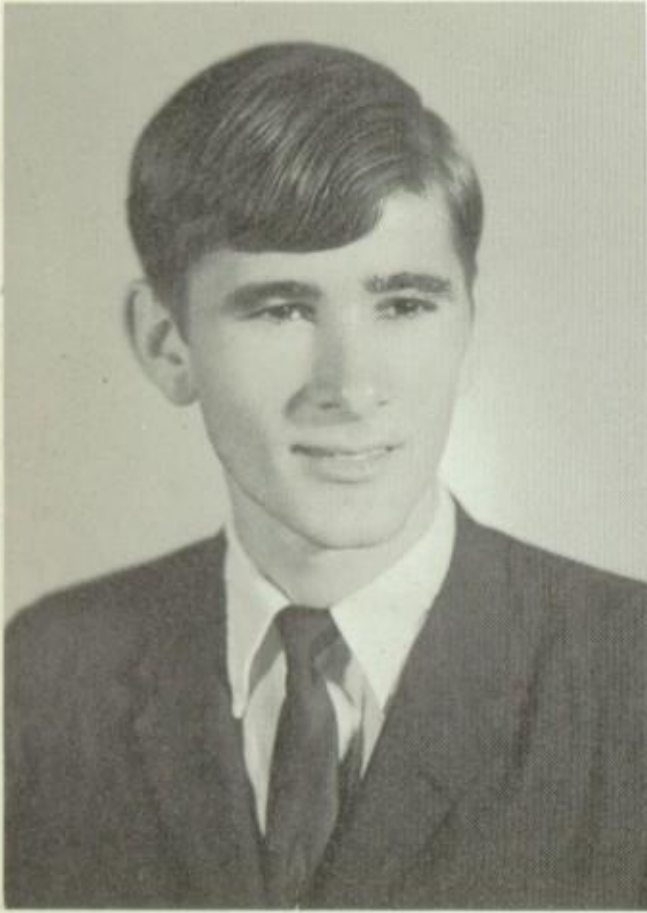

If Democracy is to be made to function to the fullest, it must be practiced at every opportunity, and especially in our public schools. Since the fundamental aim of the school is to prepare its students for democratic living, the school should exemplify that way of live.

If we are consistent with this philosophy, it will cause our schools to be stronger, because employees, teachers, and students will be more cooperative and work together for the best of all concerned.

MERRY AUTUMN

Don't talk to me of solemn days
In autumn's time of splendor,
Because the sun shows fewer rays,
And these grow slant and slender.

Why, it's the climax of the year,--
The highest time of living!--
Till naturally its bursting cheer
Just melts into thanksgiving.

During 1968 the Junior Red Devils football team completed their third consecutive undefeated season. The team, under the leadership of Coach George Jones, underwent an abbreviated schedule with three wins, no losses, and two scoreless ties. However, the injuries to key men weakened the overall strength of the team. 1969 should prove to be another successful year for our Junior Red Devils.

Students Win Outstanding Teenager Awards

Brenda Morgan

Robert Martin

Susan Hazelbaker

The Outstanding Teenagers awards program begins on the high school level. To be eligible for a state award, national award and scholarship, the teenager must have been nominated by his principal. The principal gets advice from the faculty in nominating the three Outstanding Teenagers from his school. Then one winner is chosen by the non-profit Outstanding Americans Foundation for the state Governor's Trophy. The two National Outstanding Teenagers of America are chosen from the 50 state winners. Each of the two national winners receives a \$1,000 college scholarship.

The America's Junior Miss Pageant, Inc. is a non-profit organization which annually honors the nation's ideal high school senior girls and rewards these outstanding young ladies with national recognition and with scholarships for the furtherance of their education. The objectives envisioned by the founders of the America's Junior Miss Pageant required three important parts to stimulate the imagination of not just exceptional, but all teen-age girls" 1. a goal 2. a framework 3. an incentive. The goal is the establishment of an ideal . . . the point of development of the whole girl to which all could aspire. The framework is the pageantry - the selection process. The incentives are the scholarships . . . the rewards of accomplishment.

Make A Joyful Sound

The Band Played On

Winter

Winter Is A Wonderland

EMBROIDERED SNOW

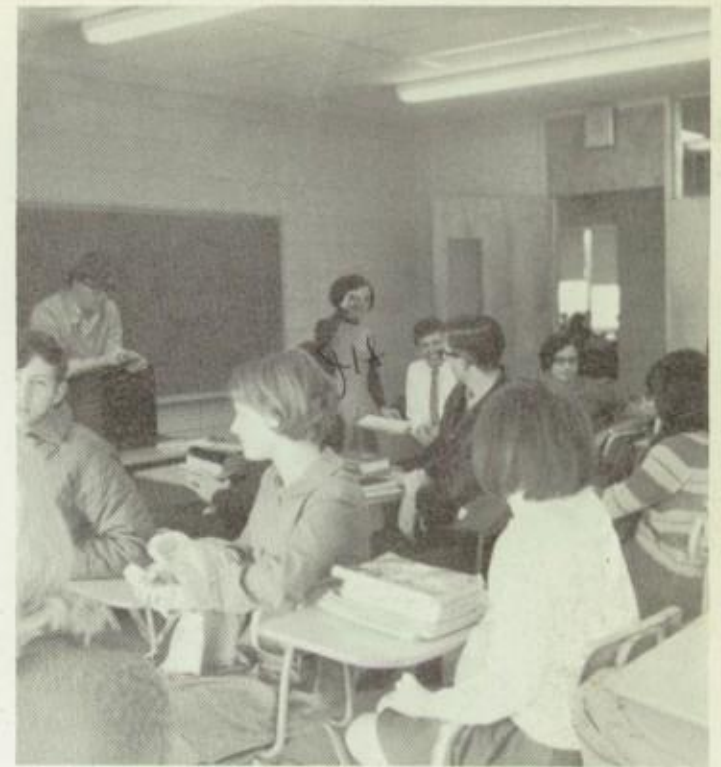

All through the night, the thick white sky
Fell softly, till the drifts heaped high
At dawn, there lay o'er hill and plain
A vast unblemished counterpane.
Perfection For a second's span
Then, the embroidering began.

Long stitches from a hound's swift feet,
With rabbit scuttling in retreat.
Spots, 'neath the hemlock, edged in lace
Where low-hung branches trace . . . retrace
Faint dainty rufflings by a tree,
As small wood-folk hold revelry.

Then, sewn with shining silver strand,
Sled runner tracks form ribbon bands,
Slant rows of double feather stitch
Where children waded across a ditch.
White scallops, where the brisk winds blow
All nature's embroidery on God's snow.

Spring

In the Spring a Man's Fancy Turns to . . .

A Spring Day

Spring is the time for pleasure,
For happiness, joy and ease.
Time to enjoy wild flowers,
New warmth, new leaves on trees.

Spring is the time for renewing
Friendships with birds come home
From their long journey of wintering
In places beyond the snow.

Spring is the time for hoping.
New life all around reminds
That God is creating, unhampered
By either time or sound.

Spring is the time of right now . . .
Not tomorrow or yesterday,
But the best of life all nicely wrapped
In a bundle called, a spring day.

Mr. Alliston,

I know I can't put into words
the way I feel about you because
there just aren't words to express
the respect, love and admiration
I have for you.

You have always been there to
listen and even more important -
to understand. You have always
been a fine example for all of us
to follow. I just hope that we
can live up to it your example.

I don't think you'll even
know how much you have really
helped me. Listening to your ad-
vice and trying to follow your
example has made my life much
easier.

Next year will be our last year
at good ole LCHS and we've got to
make it the best.

Thanks for everything!

Love,

Joan

Dear Mr. Alliston,

If I had a great
personality like yours
I would really be
well off!! Besides

being so cute and
sweet you a great
friend as well as a
wonderful advisor!

Even though I have
been in any of your
classes this year,
have still thought
of you as my dear
friend! You and

Mrs. Donnan
precious and I
Love you both
To death!!

I Love you
Deborah
Reel

Mr. Alliston.

I've enjoyed your class very much these past few years. You've helped me very much and I've also learned very much in your class. You helped pull a lot of us punks through some troubles ^{and} have helped us avert trouble, might when Lindsey ran into me, Beta Convention. You are quite a man and are truly a great teacher.

Much thanks
David S.

Mr. Alliston,

I have ^{truly} enjoyed this year work in chem. You have done alot for us all and I know I will never forget it. Best of luck always

Thanks
Carl P.

Mr. Alliston;
you will never realize how much you have helped the students in your classes. You are as I believe a real part of your classes and all the students feel as though you are one of them.

I thank you,
Phil Stouall

Mr. Alliston,

To a real good friend and a fine teacher that I respect alot. We've had a lot of good times (Van Buren) but you probably don't realize how much you have helped me these past few years and I want to thank you. I think all the students like you because you are just one of the gang.

I thank you for everything, your friend

Nathan

to the student and chairman of
in the school. Mr. Allston, you
don't realize how much you have helped
this school as well as me! You've
been the greatest sponsor of the
Student Council and have allowed
each student the right and
of freedom. (understand) I know
that life will be great for you
and you and your wife both
always be happy! Good Luck
deserve each other! Thanks for
in everything and for me. I'll
all you've done for and the ^{we}
never forget you've been in.
